ARC

It's time to love your desk again.

Arc is a curved desk screen designed to provide privacy, sound absorption, and workspace personalization without sacrificing aesthetics. Unlike traditional privacy screens, Arc blends seamlessly into modern office environments with its soft acoustic PET panels, organic form, and customizable options.

PRODUCT *CONFIGURATIONS*

HIDDEN FOR A CLEANER DESK

MODEL	DIMENSIONS (WxHxD)	BRACKETS

**23" overall height (17.5" above desktop, 5.5" below desk") **Corner Arc is available in both left and right options*

BUT WHY *ARC?*

Arc is a refined solution that offers more than visual appeal. It's engineered to deliver:

360° Privacy & Comfort: U-Shaped and L-Shaped configurations create enclosed personal workspaces.

Acoustic Benefits: Tackable PET panels absorb sound, reducing office noise distractions.

Minimal Hardware: Embedded brackets keep the focus on clean design and functionality.

Adaptable Aesthetics: Available in a curated selection of colors with duotone customization.

From left to right: Arc Corner, Right - Concrete, Arc Wrap - Charcoal, Arc Corner, Left - Sedona

WHY ARC WINS: *COMPETITIVE ADVANTAGE*

Arc stands out not just for its aesthetic, but for solving real customer challenges in a single, seamless product. While many competitors require piecing together multiple components to create a full-wrap solution, Arc delivers 360° desk privacy with one product, simplifying installation, enhancing acoustic performance, and elevating visual appeal.

INSTALLATION & *BRACKET DESIGN*

- **Hidden Support:** Brackets are embedded into the PET panel, ensuring a sleek, hardware-free appearance.
- **Flexible Fit:** Arc attaches securely to most desks using a simple 10mm wrench, adjustable wrench, or pliers.
- **Durable Powder-Coated Brackets:** White finish blends seamlessly with modern office setups.
- **Recommended Spacing:** A 1" gap between the desk and Arc panel prevents Arc panels from bowing and allows for clean wire management.
