## ASSEMBLY INSTRUCTIONS

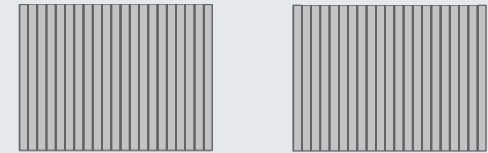

Tools

Bases

Posts (2)

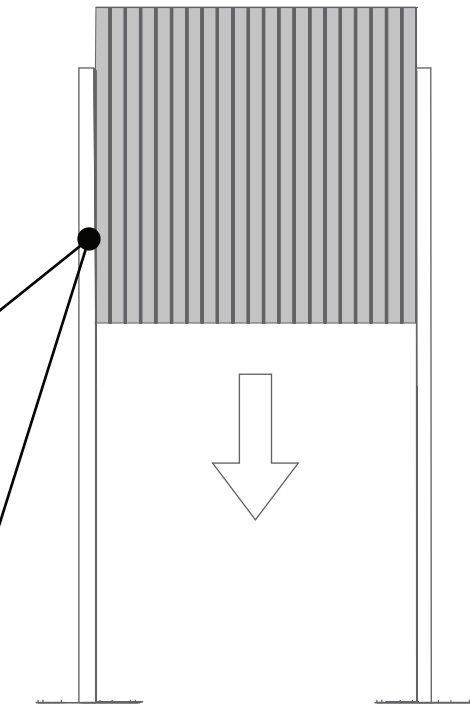

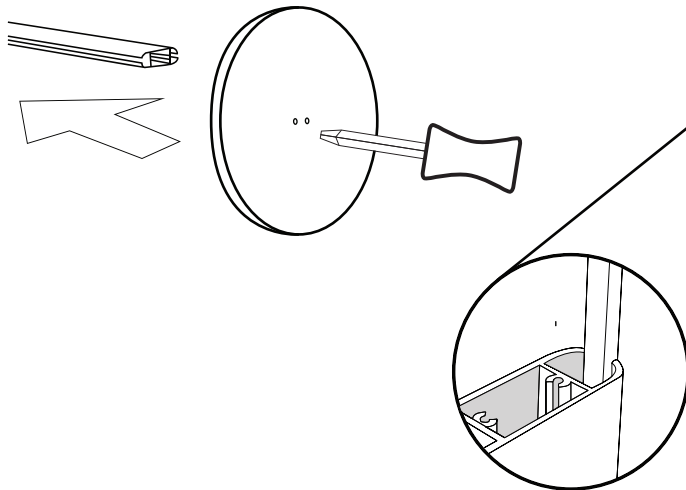

Panels (2)

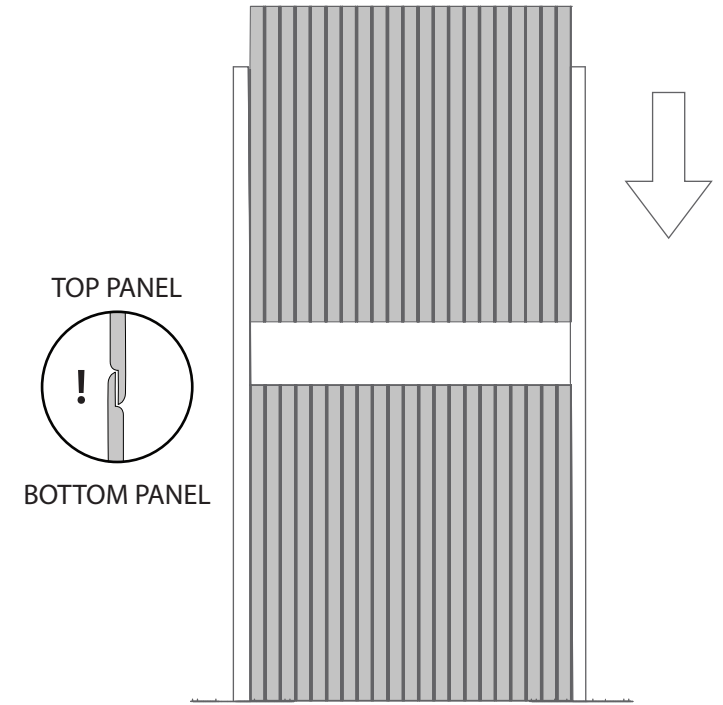

1. Screw on bases to posts  
One end of posts is pre-tapped

2. Slide channel groove into post channels  
! Insert panel with lip facing upwards first !

3. Slide second panel into post channels  
! Ensure panels are aligned correctly !

In environments with low ceilings, product may need to be assembled on the floor

For additional sections, repeat steps 1-3
