

About Loftwall

Texas-based Loftwall designs and manufactures products to unlock the privacy potential of any space. Whether in the office, school, or at home, people deserve the opportunity to focus and do their best work. Loftwall's mission is to change the world one space at a time, creating innovative and intuitive solutions for the environments where you work, study and play. Loftwall products are made in the US with a commitment to conscious capitalism and sustainability.

Omnia Partners

Omnia Partners connects public agencies with industry-leading supplier partners through competitively solicited contracts providing access to solutions so you can achieve your strategic goals.
